Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. As of December 31, 2016, and 2015, accumulated depreciation associated with fixed assets was \$650,000, and \$41,543, respectively.
