To Management  
Monarch Media, LLC

We have reviewed the accompanying financial statements of Monarch Media, LLC (a limited liability company), which comprise the balance sheet as of December 31, 2017 and 2016, and the related statements of income and retained earnings and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. Accordingly, we do not express such an opinion.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

### Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

MONARCH MEDIA LLC  
NOTES TO FINANCIAL STATEMENTS (REVIEWED)  
DECEMBER 31, 2017 AND 2016

---

NOTE A- ORGANIZATION AND NATURE OF ACTIVITIES

Monarch Media LLC. (“the Company”) is a Limited-Liability Company organized under the laws of the State of Nevada. The Company is a producer and retailer of coconut juice drinking accessories.

NOTE B- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased.

Revenue

The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, or services have been rendered, the fee for the arrangement is fixed or determinable and collectability is reasonably assured.

Equipment

The Company capitalizes assets with an expected useful life of one year or more, and an original purchase price of \$1,000 or more. This account comprises two cars, a mold used for production, and a building; the building has not yet been put into use. The cars depreciated on a double-declining basis over management’s estimate of each asset’s useful life. The mold is depreciated on a straight-line basis over management’s estimate of the asset’s useful life.

Leases

The Company currently occupies office space under a sublease from a related party, Vincent Zaldivar. Vincent is the CEO of the Company and both parties are responsible for making payments under the non-cancellable master operating lease. The monthly payment amounts to \$1,250 through the expiration of the lease on March 31, 2018.

The Company rents a storage unit on a month-to-month basis with a monthly payment of \$140.79.

Intangibles

In 2015, the Company purchased a trademark and a patent from Fresh Tree LLC, a related party. These assets are valued at historical cost and will be amortized over a period of 15 years. In connection with the purchase, the Company also agreed to pay Fresh Tree LLC royalties of 20% of net income for four years after the date of purchase.

Equity Investment

The Company currently owns a non-controlling interest in a restaurant called The Empanada Shop. The Company's investment in The Empanada Shop is reflected at cost.

Advertising

The Company records advertising expenses in the year incurred.

Income Taxes

The Company applies ASC 740 Income Taxes ("ASC 740"). Deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial statement reported amounts at each period end, based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. The provision for income taxes represents the tax expense for the period, if any and the change during the period in deferred tax assets and liabilities. ASC 740 also provides criteria for the recognition, measurement, presentation and disclosure of uncertain tax positions. A tax benefit from an uncertain position is recognized only if it is "more likely than not" that the position is sustainable upon examination by the relevant taxing authority based on its technical merit.

The Company is subject to tax filing requirements as a partnership in the federal jurisdiction of the United States. All items of income and expense are reported by the Company's members on their individual tax returns. The Company's federal tax filings for 2015, 2016, and 2017, will remain subject to review by the Internal Revenue Service until 2019, 2020, and 2021, respectively.

NOTE C- LLC MEMBER LIABILITY

The Company is a limited liability company. As such, the financial liability of members of the Company for the financial obligations of the Company is limited to each member's contribution of capital.

NOTE D- DEBT

In 2017 and 2016, the Company borrowed money from a related party for the purpose of funding continuing operations (the "Related Party Loan"). The Related Party Loan is non-interest bearing and payable at a time in the future to be determined by management.

MONARCH MEDIA, LLC

As of December 31, 2017, the Company had \$14,136.34 in outstanding debt associated with the acquisition of a vehicle (the "Auto Loan"). The Auto Loan has a five year term with an interest rate of 3.88% and is secured by the vehicle.

NOTE E- CONCENTRATIONS OF RISK

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents. The Company places its cash and cash equivalents with a limited number of high quality financial institutions and at times may exceed the amount of insurance provided on such deposits.

NOTE F- SUBSEQUENT EVENTS

Management considered events subsequent to the end of the period but before September 13, 2018, the date that the financial statements were available to be issued.
