NOTES TO UNAUDITED FINANCIAL STATEMENTS FOR YEAR
ENDED DECEMBER 31st, 2019

NOTE A – ORGANIZATION AND NATURE OF ACTIVITIES

The Astrid Experience LLC ("the Company") is a limited liability company formed under the laws of the State of New Hampshire. The Company was created to develop, produce and bring to market the feature film, 'The Astrid Experience'.

The Company will conduct an equity crowdfund offering during the second quarter of 2020 for the purpose of raising post production funds. The Company's ability to continue as a going concern or to achieve the filmmakers' objectives may be dependent on the outcome of the offering or the filmmakers' other efforts to raise post production funds.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Fixed Assets

Fixed Assets include Long Term Investments and Film 'In The Can' status. 'The Astrid Experience' is a shot, 'In The Can' film, meaning principal photography - typically the riskiest phase of filmmaking - has been completed. Because of this, many of the risks associated with shooting a film have been eliminated. Current market value of the shot film is an estimate based on total principal production costs.

Current Liabilities

Current Liabilities include deferred cast and crew payments. Deferred payment in entertainment refers to a payment that is made to the members of a crew of a film-writers, directors, actors and others - at a subsequent date. These payments are compensation for the services provided which they agree to accept later in order to cut upfront production costs. Such deferred payment will be made from the income generated from the exhibition and sale of the completed film. Deferred payment will not be possible if the film is not completed or if it fails commercially.

Members Equity

Members Equity includes Contributed Capital. All Contributed Capital has come from the filmmakers' personal contributions in the form of a zero interest loan with no maturity date.
